Siemens Government Technologies Receives 2021 HIRE Vets Medallion Award from the U.S. Department of Labor

RESTON, Va. – U.S. Secretary of Labor Martin J. Walsh recognized Siemens Government Technologies (SGT) as one of the 849 recipients of the 2021 HIRE Vets Medallion Award during a virtual award ceremony presented by U.S. Department of Labor. SGT earned the gold award after applying earlier this year. The Honoring Investments in Recruiting and Employing American Military Veterans Act (HIRE Vets Act) Medallion Program is the only federal award program that recognizes employers who successfully recruit, hire, and retain veterans.

“We are honored by this recognition, but even more importantly we are grateful to the veterans who’ve chosen to pursue their career goals and aspirations with us,” said Tina Dolph, president and CEO of SGT. “Veterans inherently understand what it means to serve a mission larger than oneself, and when combined with the unique skills and training from their time in uniform, they fully appreciate the breadth of our mission to help secure and modernize the largest infrastructure in the world, the U.S. Government.”

Appreciation for service is fundamental to the culture of SGT, and the company is proud to provide veterans with a broad range of resources to support a successful transition from the military to its team serving government customers across military bases and installations here in the U.S. and abroad. Opportunities include project development and design for energy and infrastructure programs, to digital transformation initiatives leveraging the powerful Siemens Xcelerator software portfolio.
